## Cutting & Stripping

### PTS 4 WIRE STRIPPER

The PTS 4 is designed for stripping single conductors from .25 mm (24 AWG) to 4 mm (12 AWG). It can be used to strip several conductors of the same gauge size simultaneously. The blades are self-adjusting to prevent damage to the conductors. In addition, the pressure of the cutting jaw may be adjusted. Diagonal cutters are also integrated so that cutting and stripping can be done with the same tool.

Part Number	Description	Length (inch)	Weight Lbs	Pack Size
61725950	PTS 4	6.693	0.441	1
61753620	Spare spring PTS 4	-	-	1

### BULLI For fine wire conductors

The BULLI cutters are special designed for use with fine wire cables up to 6 AWG (16 mm). Features a latch and spring return, along with a safety lock for extra protection.

Part Number	Description	For Outer Diameter	Length (inch)	Weight lbs.	Pack Size
61744160	Cutter	0.630	7.283	.298	1
61744161	Spare Spring	-	-	-	-

### KS 15

Cuts copper and aluminum cables up to .59 inch outer diameter

The KS 15 provides easy, precision cutting that can be used for removing sheath and stripping wires.

\*Not suitable for steel wire and hard-drawn copper conductors.

Part Number	Description	For Outer Diameter (inch)	Length (inch)	Weight lbs.	Pack Size
61735975	Cable Shears	.591	6.496	.463	1
